**Comments**

\*Note: Hybrid entry #1 was planting issue. 5730-3000GT, therefore, planted another pass on #12 entry. First half of the plot the IS6287 had stand issues due to planting into heavy residue and poor seed to soil contact. IS6159 had very low ear placement. RC6001 was leaning everywhere. Both of these hybrids were planted in the heaviest trash.
